

# 2011–12 SCORE VERIFICATION REQUEST

See the Bulletin or website for more information.

Complete this form to request verification of your test score(s). Your request must be received no later than four months after the test date. You will be sent the results of your score verification request within four weeks if the test(s) for which you are requesting this service contain ONLY multiple-choice questions. (Please note: This is available for paper-delivered multiple-choice tests only. Computer-delivered tests that contain ONLY multiple-choice questions are not eligible for score verification because they are scored once at the testing center, then transmitted to ETS, where they are verified before being reported.) Results from score verification of tests containing essays or constructed-response questions will be reported within six weeks after your request is received. Your score for a specific test will only be verified once.
