

## The Praxis Series™ Passing Scores by Test and State

This document shows the minimum/passing scores of user states/agencies for each of *The Praxis Series*™ tests. To determine if you passed a test in a particular state, compare your test score with the score listed for the state or agency in which you are interested and read all related footnotes. If your scaled score equals or exceeds the printed score for that state or agency, you have passed. (Note: Number in parentheses following the test name is the test code.) This document is not intended to show full licensure requirements for each state/agency. To determine which tests are required for a specific license or certificate, please visit the *Praxis*™ website at [www.ets.org/praxis/states](http://www.ets.org/praxis/states).

**These scores are current as of November 1, 2011.** For the most up-to-date test requirements, please visit your state page on the *Praxis* website, at [www.ets.org/praxis/states](http://www.ets.org/praxis/states).
