

August 23, 2006

Dear *Praxis*™ Test Takers:

ETS® regrets to report that scores were delayed for approximately 2,700 candidates who took *The Praxis Series*™ teacher licensing examinations in June. Most test takers have now received their scores. If you were one of the candidates who received late scores or who remain without scores, please accept our sincere apology and offer of continued assistance.

ETS is undertaking a thorough review of this isolated incident in order to eliminate any recurrences. We deeply regret the uncertainty and inconvenience this delay may have caused you. If you require any personal help in resolving outstanding issues, please call us for assistance at (800) 205-2626.

Sincerely,

The *Praxis* Program
