You may have noticed that the GRE® revised General Test is now the GRE General Test. Nothing else has changed, just the name.

Keep in mind that it will take some time to see the name change everywhere so do not be concerned if the published test prep materials or advice you get still references “revised.”

GRE General Test = GRE revised General Test

It’s that simple.
The GRE® General Test and GRE® Subject Tests are taken by individuals applying to graduate programs in natural sciences, engineering, social sciences, business, humanities and arts, education, and other fields. For more than 60 years, GRE scores have been used by admissions and fellowship panels at thousands of graduate and business school programs around the world to supplement an applicant’s undergraduate grades and other qualifications for graduate study.

**GRE® General Test**

The GRE General Test measures verbal reasoning, quantitative reasoning, critical thinking and analytical writing skills—skills that have been developed over a long period of time and are not related to a specific field of study, but are important for all. The test closely aligns with the types of skills that are required for success in today’s demanding graduate and business school programs.

In most regions of the world, the test is administered throughout the year on computer at Prometric® test centers. The computer-delivered test may also be offered on specific dates at additional testing locations outside of the Prometric test center network. Visit [www.ets.org/gre/centers](http://www.ets.org/gre/centers) to see available test centers and dates for all computer-delivered testing locations.

In areas of the world where the computer-delivered test is not available, a paper-delivered format of the test is administered up to three times a year in October, November and February. Visit [www.ets.org/gre/centers](http://www.ets.org/gre/centers) to see available test centers and dates.

The GRE General Test is composed of Analytical Writing, Verbal Reasoning and Quantitative Reasoning sections. Testing time is listed below.

**Computer-delivered Test**

- **Analytical Writing**: one section with two separately timed writing tasks—30 minutes per task
- **Verbal Reasoning**: two 30-minute sections—20 questions per section
- **Quantitative Reasoning**: two 35-minute sections—20 questions per section

In addition, an unidentified unscored section may be included and may appear in any order after the Analytical Writing section. It is not counted as part of your score. An identified research section that is not scored may be included in place of the unidentified, unscored section. The research section will always appear at the end of the test. For more information about the content of the computer-delivered GRE General Test, visit [www.ets.org/gre/general/content](http://www.ets.org/gre/general/content).

**Paper-delivered Test**

- **Analytical Writing**: two sections, each with one writing task—30 minutes per section
- **Verbal Reasoning**: two 35-minute sections—25 questions per section
- **Quantitative Reasoning**: two 40-minute sections—25 questions per section

For more information about the content of the paper-delivered GRE General Test, visit [www.ets.org/gre/general/content](http://www.ets.org/gre/general/content).

**GRE® Subject Tests**

The GRE Subject Tests measure achievement in specific subject areas and assume undergraduate majors or extensive background in those disciplines. These tests are available in the following disciplines:

- Biochemistry, Cell and Molecular Biology
- Biology
- Chemistry
- Literature in English
- Mathematics
- Physics
- Psychology

GRE Subject Tests are paper-delivered tests administered worldwide up to three times a year in September, October and April. Testing time is 2 hours and 50 minutes. Visit [www.ets.org/mygre](http://www.ets.org/mygre) to see available test centers and dates. For more information about the content of each of the GRE Subject Tests, visit [www.ets.org/gre/subject/content](http://www.ets.org/gre/subject/content).

Test Registration

Registration Checklist

☐ If you have health-related needs that require you to bring equipment, beverages or snacks into the testing room or to take extra or extended breaks, you need to follow the accommodations request procedures described in the Bulletin Supplement for Test Takers with Disabilities or Health-Related Needs, which is available at www.ets.org/gre/disabilities.

☐ Review the fees on page 10 and read the reschedule and cancellation policies on pages 8–10.

☐ Read and understand the ID requirements at www.ets.org/gre/idrequirements. You are responsible for bringing valid and acceptable ID when you report to a test center.

☐ Decide where and when you would like to take the test. Be sure to allow sufficient time for score reporting when scheduling your test so you can meet the admissions deadlines for the schools to which you are applying.

☐ Determine which graduate institutions or fellowship sponsors you want to receive your scores and which ScoreSelect® option you will choose. As part of your test fee, you may request that scores be sent to as many as four graduate institutions or fellowship sponsors using the ScoreSelect option. See page 18.
  • If taking a computer-delivered test, you will choose score recipients and your ScoreSelect option on the day of your test.
  • If taking a paper-delivered test, you will choose score recipients and your ScoreSelect option when registering.

☐ Learn about the FREE GRE® Search Service on page 12. You will have the option to sign up for the Search Service when you register for a GRE test.

☐ Create an ETS Account at www.ets.org/mygre to register online. Be sure that the spelling of the name you use when registering exactly matches the name printed on the ID documents (excluding accents, apostrophes and spaces) that you will present at the test center.

☐ When you are ready to register for a GRE test, sign in to your account and select from the registration options presented. By submitting your registration for the GRE General Test or a GRE Subject Test, you are agreeing to abide by all procedures and policies in this Bulletin, on the GRE website or communicated to you at the test administration for which you have registered.

The Name You Use When Registering

The name you use when you register—and the spelling of that name—must exactly match (excluding accents, apostrophes and spaces) the name printed on the ID documents that you will present on the day of the test. If it does not, you may be prohibited from taking the test or your test scores may be canceled after you take the test.

• Be sure to provide your entire first (given) name (excluding accents, apostrophes and spaces). Do not register under a nickname and do not register with only an initial as your first name.
• You must supply your entire last (family/surname) name.
• If you have a two-part first or last name, be sure to supply your complete first or last name as it appears on the ID documents (excluding accents, apostrophes and spaces) that you will present on the day of the test. For example, a last name of Fernandez de Córdova would be entered as FernandezdeCordova.
• If your ETS account has already been created, confirm that the name on your ID documents still matches the name that appears in your account.
• It is your responsibility to ensure that your ID documents match the name that appears on your account.

If Your Name Has Changed

If you are registering to take a GRE test and have changed your name since you took a previous GRE test and want current and previous scores reported, follow these instructions.

• Computer-delivered tests—Contact ETS (see page 6). Your request must include your current name and appointment number, date of birth, and previous name and test date.

• Paper-delivered tests—Complete the Additional Score Report (ASR) Request form at www.ets.org/gre/asrform and enclose it with your registration form; there is no charge. If you register online, complete the ASR form and return it with a copy of your confirmation email.

GRE Fee Reduction Program

ETS provides the Fee Reduction Program for individuals who demonstrate financial need or are unemployed, and for national programs that work with underrepresented groups.

Need-Based Program

ETS offers a limited number of GRE Fee Reduction Certificates on a first-come, first-served basis that are available for college seniors and unenrolled college graduates who meet eligibility requirements. A Fee Reduction Certificate may be used for one GRE General Test and/or one GRE Subject Test. Individuals meeting the eligibility requirements will be required to pay 50 percent of the full test fee.

To be eligible, you must be a U.S. citizen or resident alien who is a college senior or an unenrolled college graduate.

College seniors must be:
• receiving financial aid through an undergraduate college in the United States, American Samoa, Guam, U.S. Virgin Islands or Puerto Rico, and
• a dependent, who has an Institutional Student Information Report (ISIR) that shows a parental contribution of not more than $2,500 for the senior year, or
• self-supporting and have an ISIR that shows a contribution of not more than $3,000 for the senior year

Unenrolled college graduates must:
• have applied for financial aid, and
• have an ISIR that indicates self-supporting status and a contribution of not more than $3,000

To apply for a GRE Fee Reduction Certificate:
• Contact the financial aid office at your undergraduate institution or prospective graduate institution to see whether you qualify.
• Once your eligibility is established, the financial aid office will issue you a Fee Reduction Certificate and a copy of your ISIR.
• Follow the instructions on the certificate. Allow up to three weeks for processing and mail delivery.

Letter requests, photocopies and faxes of Fee Reduction Certificates will not be accepted. Fee Reduction Certificates are not retroactive and they cannot be replaced if lost or stolen. There are no refunds for unused Fee Reduction Certificates and no refunds will be provided to test takers who are not admitted to the test for any reason (including unacceptable identification).

Individuals who have met the eligibility requirements and received a GRE Fee Reduction in the past year may retake the GRE General Test and/or a GRE Subject Test with a Fee Reduction without submitting a Fee Reduction Certificate and a copy of their ISIR. Complete the Declaration of Eligibility for the Need-based GRE Fee Reduction Program (PDF) at www.ets.org/gre/feereductions and follow the instructions on the form.

ETS also provides the Fee Reduction Program for individuals who are unemployed, and for national programs that work with underrepresented groups. To learn more about eligibility requirements, instructions for participation and program policies, visit www.ets.org/gre/feereductions.

Retaking a GRE Test

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You may take the paper-delivered GRE General Test and GRE Subject Tests as often as they are offered.

The retaking a test policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

ETS Use of Personal Information

By providing personal information to us and registering for a GRE test, you expressly consent (or confirm your consent) to allow ETS to use such personal information in accordance with ETS’s Privacy and Security Policy and the Test Taker Privacy and Information Security Policy located at www.ets.org/legal/privacy.

ETS may collect some information by phone, audio/video, biometric identifiers, such as fingerprints, or still photographs.

GRE® Search Service

The FREE GRE Search Service matches you with participating graduate and business schools and fellowship sponsors. If you match the recruitment profile of a participating institution/organization, you may be sent information about their programs, admission requirements, financial aid opportunities, fellowships and other graduate education opportunities. It is a great way to broaden your search and learn about graduate and business school programs you might not have otherwise considered.

You will be given the option to sign up for the Search Service when you register for a GRE test. You can also sign up at any time before you take a GRE test, by creating an ETS Account at www.ets.org/mygre.

When you participate in the Search Service, your background information, contact information and broad score ranges into which your test scores fall will be added to the Search Service database so that participating institutions can find you. Information provided to participating schools does not include individual GRE test scores.

ID verification at the test center may include:
• Fingerprinting/thumbprinting
• Photographing/videotaping

If you refuse to participate, you will not be permitted to test and you will forfeit your test fees. This is in addition to the requirement that you must present acceptable and valid identification.

Personal Items
• Personal items other than ID documents are not allowed in the testing room. This includes any phones, PDAs, all watches, including digital, analog and smartwatches, and other electronic, recording, listening, scanning or photographic devices. If you are seen using or accessing any of these electronic devices and/or transmitting data, including but not limited to text messaging, email and photographs, your device may be inspected and/or confiscated. You may not access your phone during the test or during breaks to check messages or to check the time.

• Before the test, you will receive instructions from test center staff regarding where to store personal items. You may also be asked to empty your pockets. You will not have access to your personal items during the test administration except for food, beverages and medication, which may be accessed during a break.

• Personal items such as hats, scarves, jackets and outerwear that are taken into the test room are subject to inspection by the test administrator.

• If you fail to follow the instructions of the test center staff, you will not be permitted to test and your test fee will not be refunded. Any violation of this procedure during the test or during breaks may result in dismissal from the test and/or cancellation of scores.

• Test centers and ETS assume no responsibility for personal items including watches or devices that you choose to bring to the test center.

Computer-delivered GRE General Test Only
The following procedures and regulations apply during the entire test session, which begins at sign-in, ends at sign-out and includes breaks.

• If you requested and received an authorization voucher from ETS, you must take it with you to the test center.

• Plan to be at the test center up to four and one-half hours.

• You will be required to write and sign a confidentiality statement at the test center. If you do not complete and sign the statement, you cannot test and your test fees will not be refunded.

• ETS reserves the right to ensure the security of test content by using electronic detection scanning devices (e.g., hand-held metal detectors/wands). Failure to comply may result in dismissal from the test and forfeiture of your test fees.

• You may be required to sign the test center log before and after the test session and any time you leave or enter the testing room.

• You will be asked to remove your watch and to store it during the test administration. Watches are not allowed in the testing room.

• The test administrator will provide you with scratch paper for use during the test. Scratch paper is not to be used before the test or during breaks. All paper, in its entirety, must be returned to the test center administrator at the end of the testing session. If you are observed using any document or paper other than the scratch paper given to you by test center staff, it will be confiscated. You may not bring your own paper and you may not remove any paper from the testing room at any time, or write on anything other than the paper provided (e.g., computer or workstation).

• If at any time during the test you have a problem with your computer, or for any reason need the administrator, raise your hand.

• Testing premises are subject to videotaping.

• The GRE General Test includes an optional 10-minute break after the third section and one-minute breaks between the remaining sections of the test. These break times cannot be exceeded. You are required to remain in the test center building or in the immediate area. You are not permitted to go outside the test center building unless it is to use the restroom during the test administration, including breaks.

• If you need to leave your seat at any time other than the break, raise your hand; timing of the section will not stop.

• You will have access to an onscreen calculator during the Quantitative Reasoning sections.

Reports of cheating or fraud will be investigated thoroughly and offenders may be prosecuted to the full extent of the applicable laws.

Canceling Scores

Computer-delivered GRE General Test

At the end of the test, you will be given the option to report (view) or cancel your scores. Once you view your scores, you cannot cancel them. In addition, you cannot cancel your score for one section of the test and have the scores for the remaining sections reported. Although you have the option to cancel your scores, consider very carefully before doing so because the score reporting choices available with the ScoreSelect option allow you to report only the scores that you feel reflect your personal best. Your scores will be reported to GRE score recipients only at your request. If you cancel your scores, they will NOT be available for your review online or be reported to any score recipients. No refund will be made. Canceled scores are not added to your reportable history. If you wish to take the test again, you must reregister and submit another test payment.

Paper-delivered GRE General Test or GRE Subject Tests

At the end of the test, you will be asked to indicate if you want to cancel your scores. You cannot cancel your score for one section of the test and have the scores for the remaining sections reported. If you do not cancel your scores, they will be sent to the institutions that you designated during registration. If you cancel your scores, they will NOT be available for your review online or be reported to any score recipients. No refund will be made. Canceled scores are not added to your reportable history. If you wish to take the test again, you must reregister and submit another test payment.
On Test Day (continued)

Score Reinstatement
Fee: US$50
Scores canceled by you can be reinstated if you mail or fax a completed Score Reinstatement Form with payment to ETS and it is received within 60 days after your test date. In addition to providing your name, date of birth and daytime phone number, you will need your test date and registration number to complete the form.
The Score Reinstatement Form can be downloaded at www.ets.org/gre/reinstateform.

Also, you can designate up to four free score recipients on the form. If you do not select score recipients, you will have to pay US$27 per recipient to have scores sent at a later date.

Scores will be reinstated and reported approximately two weeks after your request for the computer-delivered General Test or on the approximate score report mailing date for the paper-delivered General Test or Subject Tests. Your scores will be sent to your designated score recipients shortly thereafter.

Absence from a Test
If you are absent from a test administration, you will forfeit your test fee. Institutions will not receive any information about your absence or about any previous score(s) you may have on file.

Score Reporting

Scores Reported

GRE General Test
The scores for the GRE General Test include:
• a Verbal Reasoning score reported on a 130–170 score scale, in one-point increments.
• a Quantitative Reasoning score reported on a 130–170 score scale, in one-point increments.
• an Analytical Writing score reported on a 0–6 score scale, in half-point increments. Descriptions of the analytical writing abilities characteristic of particular score levels are available at www.ets.org/gre/scorelevels.

If no questions are answered for a specific measure (e.g., Verbal Reasoning), then you will receive a No Score (NS) for that measure.

ETS makes available test-taker photos and essay responses on the Analytical Writing section of the General Test to designated score recipients in the ETS® Data Manager. Photos and Analytical Writing essay responses of all individuals who report their scores to institutions on or after July 1, 2014, are included in the ETS Data Manager. In the ETS Data Manager, the photo and essay responses from each General Test administration you select from your five-year reportable history will be made available as part of your score record to the institutions you designated to receive your scores on or after July 1, 2014.

GRE Subject Tests
Each Subject Test yields a total score on a 200–990 score scale, in 10-point increments, although the score range for any particular Subject Test is usually smaller. Subscores are reported for the Biochemistry, Cell and Molecular Biology; Biology; and Psychology Tests on a 20–99 score scale, in one-point increments, although the range for any particular Subject Test subscore is usually smaller.

Reporting Suspicious Behavior
ETS takes test security very seriously. Although GRE tests are administered under strict supervision and security measures, testing irregularities may sometimes occur. Please contact ETS as soon as possible to report any observed irregular behavior—for example, someone copying from another test taker, taking a test for someone else, having access to test questions before the exam or using notes or unauthorized aids. All information will be held in strictest confidence. Reports of cheating or fraud will be investigated thoroughly and offenders may be prosecuted to the full extent of the applicable laws.

Getting Your Scores
• You will receive an email notification from ETS that your official scores are available in your ETS Account and that official score reports have been sent to your designated score recipients.
• Visit your account at www.ets.org/mygre to view your scores and print your official Test Taker Score Report. Note that your official Test Taker Score Report is intended only for your information and personal records.
• If you take the computer-delivered GRE General Test, you will view unofficial Verbal Reasoning and Quantitative Reasoning scores at the test center; however, because of the essay scoring process, you will not view your Analytical Writing score at that time. Test centers cannot provide printed copies of your unofficial scores.
• Scores for the computer-delivered GRE General Test will be available in your account, and your scores will be sent to your designated score recipients approximately 10–15 days after your test date.
• Scores for the paper-delivered GRE General Test and GRE Subject Tests will be available in your account, and your scores will be sent to your designated score recipients approximately five weeks after your test date.
Reporting Your Scores

Reportable History

- For tests taken on or after July 1, 2016, scores are reportable for five years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.
- For tests taken prior to July 1, 2016, scores are reportable for five years following the testing year in which you tested (as indicated in the GRE Bulletin from that testing year). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned in July 2011 are reportable until July 31, 2016.

ScoreSelect® Option

With the ScoreSelect option, you can decide which test scores to send to the institutions you designate.

On test day®, when viewing your computer-delivered General Test scores at the test center, you can choose not to send your scores at this time, OR you can select either option below for each of your four FREE score reports.

- Most Recent—Send your scores from your current test administration.
- All—Send your scores from all administrations in the last five years.

After test day, you can send Additional Score Reports for a fee by selecting from the following options for each score report you would like to send:

- Most Recent—Send your scores from your most recent test administration.
- All—Send your scores from all test administrations in the last five years.
- Any—Send your scores from one OR as many test administrations in the last five years.

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests.

For more information about the ScoreSelect option, visit www.ets.org/gre/scoreselect.

*If you are taking the paper-delivered GRE General Test or a GRE Subject Test, you will make your selections during test registration.

Score Reports Sent to Designated Recipients

- Your official institution score report, received by your designated recipients, will include your name, address, email address, phone number, intended graduate major, GRE test scores and associated percentile ranks (based on a recent three-year period). It will not include any information concerning the other score recipients you have chosen.
- Your photo and Analytical Writing essay responses will also be shared with your designated recipients.
- Institution score reports will include only the scores that you selected to send them using the ScoreSelect option.

- If you took the GRE General Test prior to August 1, 2011, your original Verbal Reasoning and Quantitative Reasoning scores on the 200–800 score scales will be reported along with estimated scores on the 130–170 score scales.
- A sample of an institution score report can be viewed at www.ets.org/gre/institution/scorereport.
- If an institution that you have designated to receive your scores requests information in ETS’s files be sent to that institution, ETS will send information to that institution as necessary to detect or prevent unlawful activity and to protect the integrity of the GRE test.
- Vouchers from Organizations: If an organization has provided you with a voucher to take a GRE test, your use of the voucher authorizes the sponsoring organization to receive your test scores.

Ordering Additional Score Reports (ASRs)

Fee: US$27 each

There are three ways to order Additional Score Reports (ASRs): online, mail or fax. ASRs can be ordered online at www.ets.org/mygre. ASRs can be ordered by mail or fax at www.ets.org/gre/asrform. If scores for the test administration have been reported, scores will be reported within 5–10 business days after receipt of your request. If scores for the test administration have not been reported, your scores will be reported on or after the published score reporting date. See page 21. You can select to send scores from your Most Recent, All, or Any specific test administration of the General Test and/or Subject Tests. Currently scores earned after August 1, 2011, are available. Once an order is placed it cannot be canceled, changed or refunded.

Changes to your mailing address cannot be processed through this service. Contact GRE Services for assistance. See page 6.

If Your Name Has Changed

If you are sending scores and your name has changed since you took the test, contact GRE Services for assistance. See page 6.

Preventing Unauthorized Release of Your Scores

It is a GRE Board policy that your scores be reported only to you, to institutions of higher education granting the baccalaureate or higher degrees, to approved graduate fellowship-granting sponsors and to vendors the score recipients might designate to process the scores they receive. Score reports will be released only upon your request. ETS will not release your scores at the request of institutions or fellowship sponsors except for use in research studies that are approved by the GRE Board and that provide anonymity for the test takers and the institutions they attend.
Score Reporting (continued)

Note: Your score record and the documents you completed that are retained at ETS, including photos and documents from check-in on test day, may be released to third parties, e.g., government agencies, parties to a lawsuit, if requested pursuant to a subpoena or required by applicable law.

Test Takers’ Background Information Data and Performance Data

Test takers’ answers to background information questions and their performance data may be used in analysis samples, score interpretation data, group statistics and research studies. Test takers’ essay responses may be used in ETS materials to train scorers, to help score recipients interpret scores or to help examinees prepare for the test. In each instance, all identifying information will be removed.

Cancellation of Scores by ETS

ETS strives to report scores that accurately reflect the performance of every test taker. Accordingly, ETS’s standards and procedures for administering tests have two primary goals: giving test takers equivalent opportunities to demonstrate their abilities and preventing any test takers from gaining an unfair advantage over others. To promote these objectives, ETS reserves the right to cancel any test score, whether or not it has already been reported, and to take such other actions as ETS deems appropriate, including banning the test taker from future tests and referring the matter to law enforcement authorities, when, in ETS’s judgment, a testing irregularity occurs; there is an apparent discrepancy in a test taker’s identification; the test taker may have engaged in misconduct, including without limitation having someone else take the test for him/her, obtaining improper access to test questions or answers, disclosing test questions or answers to third parties, plagiarism, or copying or communication; or the score is invalid for another reason. ETS reserves the right to share any and all information in its possession
about a test taker and the terms and conditions of test taking with (a) any entity which ETS recognizes as an authorized user of test scores, including without limitation any entity to which ETS reports test scores at the test taker’s request, and (b) any government agency with responsibility for administration or enforcement of U.S. criminal and/or immigration laws. When ETS cancels a test score that has already been reported, it notifies score recipients that the score has been canceled and may also explain why the score has been canceled. We will provide a copy of the cancellation letter you receive to recipients of your scores.

Testing Irregularities
“Testing irregularities” refers to problems with the administration of a test. Testing irregularities may result from actions of test takers, test center personnel, ETS, or from natural or man-made causes. When testing irregularities occur, they may affect an individual or groups of test takers. Such problems include, without limitation, administrative errors (such as improper timing, improper seating, defective materials [e.g., improper test forms], and defective equipment); improper access to test content; and other disruptions of test administrations (such as natural disasters or other emergencies).

When testing irregularities occur, ETS may decline to score the test or cancel the test score. When, in ETS’s judgment it is appropriate to do so, ETS gives affected test takers the opportunity to take the test again as soon as possible without charge.

Identification Discrepancies
When, in ETS’s judgment or the judgment of test center administrators, there is a discrepancy in a test taker’s identification, the test taker may be dismissed from the test center. In addition, ETS may decline to score the test or cancel the test score if the documents or photos from the test day cannot be validated or if ETS has evidence that you did not appear for the test. ETS will also cancel your scores, ban you from future testing and notify score recipients of the cancellation if anomalies are detected after your scores have been reported.

Misconduct
When ETS or test center administrators find that there is misconduct in connection with a test, the test taker may be dismissed from the test center or ETS may decline to score the test or may cancel the test score. Misconduct includes, but is not limited to, noncompliance with the “Test Center Procedures and Regulations” listed on pages 14–16. Test takers whose scores are canceled will forfeit their test fees and must pay to take the entire GRE test again at a future administration. No record of score cancellations, or the reason for cancellation, will appear on future score reports sent to colleges, universities and/or fellowship sponsors.

Invalid Scores
ETS may also cancel scores if, in its judgment, there is substantial evidence that they are invalid for any other reason. Substantial evidence means evidence that is sufficient to persuade a reasonable person; the substantial evidence standard is lower (i.e., requires less proof) than the reasonable doubt, clear and convincing, and preponderance of the evidence standards. Evidence of invalid scores may include, without limitation, discrepant handwriting, unusual answer patterns and inconsistent performance on different parts of the test. Before canceling scores pursuant to this paragraph, ETS notifies the test taker in writing about its concerns, gives the test taker an opportunity to submit information that addresses ETS’s concerns, considers any such information submitted and offers the test taker a choice of options. The options may include voluntary score cancellation, a free retest, a voucher for a future test or arbitration in accordance with ETS’s standard Arbitration Agreement. In addition, the test taker is sent a copy of a booklet, Why and How Educational Testing Service Questions Test Scores, which explains this process in greater detail. (This booklet is available to any test taker at any time on request.)

Note: The retest option is available only to test takers in the United States, U.S. Territories and Canada. The arbitration option is available only to test takers who test in the United States and U.S. Territories.

Your essay responses on the Analytical Writing section will be reviewed by ETS essay-similarity-detection software and by experienced essay readers during the scoring process. In light of the high value placed on independent intellectual activity within graduate schools and universities, your essay response should represent your original work. ETS reserves the right to cancel test scores of any test taker when an essay response includes any of the following:

• text that is unusually similar to that found in one or more other GRE essay responses;
• quoting or paraphrasing, without attribution, language that appears in any published or unpublished sources, including sources from the Internet and/or sources provided by any third party;
• unacknowledged use of work that has been produced through collaboration with others without citation of the contribution of others;
• essays submitted as work of the test taker that appear to have been borrowed in whole or in part from elsewhere or prepared by another person.

When one or more of the above circumstances occurs, ETS may conclude, in its professional judgment, that the essay response does not reflect the independent writing skills that this test seeks to measure. When ETS reaches that conclusion, it cancels the Analytical Writing score, and because Analytical Writing scores are an integral part of the GRE General Test scores, those scores are canceled as well.
