Lastname, Firstname M  
Student ID: 123456

Test: HElghten® Quantitative Literacy Assessment 
Test Date: 08/12/2016 
Institution: University Name

OVERALL SCALED SCORE

YOUR SCORE

166 on a scale of 150 to 180
Level: Proficient
62nd Percentile

AVERAGE SCORE

164.1

DEVELOPING

A typical student at the developing level may:
• reason through single-step word problems
• recognize basic algebraic techniques and Euclidean geometry facts
• perform four basic operations with integers
• interpret simple quantitative relationships
• identify that terminology/notation are needed to communicate results

PROFICIENT

A typical student at the proficient level has demonstrated the ability to:
• reason through simple multistep word problems
• apply solution strategies to a particular context
• use basic algebra and Euclidean geometry facts
• compute basic percents and positive percent change
• perform four basic operations with integers and decimals
• interpret simple quantitative relationships and some complex data representations
• recognize correct terminology/notation for communicating results

ADVANCED

A typical student at the advanced level has demonstrated the ability to:
• reason through complex multistep word problems
• apply solution strategies to a variety of contexts
• use and understand algebra and Euclidean geometry facts
• compute and interpret percents and percent change
• perform four basic operations with integers, decimals and fractions
• interpret complex quantitative relationships and data representations
• use correct terminology/notation for communicating results

See www.ets.org/heghten/qlproficiency for the complete descriptions.
