

WHAT IS FRIENDSHIP???

MAICY & ABBY

Friendship FOREVER!!!

Do you know what friendship is all about? Friendship is about people who get on very well with one another. They won't hurt each other's feeling, but will show kindness and respect. They may quarrel with one another, but they get to know each other more after each fight and learn more from the lesson. If one of them has any problem, the other will help him or her with it. If one of them is upset, the other one will comfort him or her. Most importantly, friends love each other. After reading this poster, do you know what friendship is about now?
