Major Field Test in History
Sample Questions

The following questions illustrate the range of the test in terms of the abilities measured, the disciplines covered, and the difficulty of the questions posed. They should not, however, be considered representative of the entire scope of the test in either content or difficulty. An answer key follows the questions.

1. The marked increase in the proportion of aristocrats in top positions in the Prussian civil service under Frederick the Great supports the proposition that
   (A) the Prussian government was a meritocracy
   (B) many philosophes favored aristocratic government
   (C) the Prussian Junkers had made peace with absolute monarchy
   (D) Prussia was poor, and aristocratic officials needed less salary than did middle-class officials
   (E) the Prussian aristocracy provided better civil servants than did the French aristocracy

2. Which of the following concepts did Marx derive from Hegel?
   (A) The withering away of the state
   (B) The moral nature of the state
   (C) The spiritual nature of historical forces
