Have you heard the news?

On Sept. 22, 2023, the GRE test will be shortened from nearly four hours to just under two hours, and scores will be delivered faster. That means you'll be able to test more quickly and submit your applications sooner. Learn more at ets.org/gre/shorter.

Interested in trying out the shorter GRE? You can use the \$50 retest discount to take the current GRE again by Sept. 20 or the shorter GRE between Sept. 22 and Dec. 31!

\$60/\$50 deal terms and conditions: The discount of \$60.00 U.S. dollars off a GRE General Test registration is valid for a test appointment on or before September 20, 2023. Once registration is completed, the purchaser will become eligible for a discount of \$50.00 U.S. dollars off another GRE General Test registration, which is valid for a test appointment at least 21 days after their first appointment through December 31, 2023. Using the second discount is optional and can be used to either take the current GRE before September 20 or the shorter GRE after September 22. These discounts cannot be applied to previous registrations or purchases or combined with any other offers. Should the test taker wish to reschedule their appointment after the sale expiration date, the discount amount will not apply and the test taker will incur a \$50 rescheduling fee as well. These discounts are not valid for cash or cash equivalent. There are no guarantees of seat availability. Offers are good while supplies last. Not valid for GRE® Subject Test registrations. Offers are void where prohibited by law. All federal, state, and local laws and regulations apply. ETS may modify or discontinue these offers at any time without notice.
