REGISTRATION AND APPOINTMENT SCHEDULING

The *Praxis*® tests are administered through an international network of test centers, which includes Prometric® test centers and Strategic Testing Networks (STNs) located in colleges and universities. All tests are delivered by computer, except for Braille Proficiency (0633). Some tests are offered continuously while others are offered in testing windows that occur several times a year. To find test centers and dates, see www.ets.org/praxis/register/centers_dates.

Note: For those tests not delivered by computer, the registration process is different than what is outlined below. Learn more about how to register for the Braille Proficiency (0633) test at www.ets.org/praxis.

WEB **Register for Praxis tests online at www.ets.org/praxis/register using a credit/debit card or PayPal™.** See “Preferred Forms of Payment” on *page 8* for payment information.

MAIL Complete the Test Authorization Voucher Request form on *page 18* of this *Bulletin* and mail with your check, money order, U.S. Postal Service money order, or debit/credit card information. This form can also be downloaded from the *Praxis* website at www.ets.org/praxis/about/bulletin. **Please allow 3 weeks from receipt by ETS for processing.**

After you receive the voucher in the mail, you must schedule your test appointment online using the voucher number sent to you. The voucher must be used within 1 calendar year from the date of the voucher.

ADMISSION TICKET

After you register, regardless of your registration method, you must access and print your admission ticket from your online account. If you find an error in your personal information (such as incorrect contact information) on your admission ticket, you may log in to your *Praxis* account and update this information in your profile, and then print an updated admission ticket. Your admission ticket is important because it contains the test center address and reporting time on test day. While you are not *required* to present it at the test center, test center personnel may ask you for it.

TEST TAKERS WITH DISABILITIES OR HEALTH-RELATED NEEDS

ETS is committed to serving test takers with disabilities or health-related needs by providing accommodations that are reasonable and appropriate given the purpose of the test. Testing accommodations are available for test takers who meet ETS requirements.

If you are requesting testing accommodations, **you must register through ETS Disability Services and have your accommodations approved before scheduling your test.** Test takers seeking accommodations for extended testing time, extended breaks, screen magnification, or selectable foreground and background colors may self-register for tests at Prometric® test centers. See the *Bulletin Supplement for Test Takers with Disabilities or Health-Related Needs* (www.ets.org/praxis/register/disabilities) for detailed instructions.

The *Bulletin Supplement for Test Takers with Disabilities or Health-Related Needs* contains contact information, procedures for requesting testing accommodations, and forms. The *Supplement* should be used in conjunction with the information in this *Bulletin* and form(s) on the *Praxis* website. To download the *Supplement*, visit www.ets.org/praxis/register/disabilities. Disability documentation guidelines and forms are available on the ETS website at www.ets.org/disabilities/documentation.

To request a large-print copy of this *Bulletin* and the *Bulletin Supplement for Test Takers with Disabilities or Health-Related Needs*, contact ETS Disability Services. See “ETS Disability Services” on *page 7*.

TEST PREPARATION MATERIAL

ETS is committed to helping you do your best on the *Praxis* tests by offering a variety of test preparation materials. We offer both free and low-cost test preparation materials including **interactive practice tests, study companions, videos, and webinars** to help you feel ready and confident on test day. To see what test preparation materials are offered for your test, visit the *Praxis* website at www.ets.org/praxis/prepare.

ETS RECOGNITION OF EXCELLENCE

The ETS Recognition of Excellence Award program was created to honor and encourage exceptional individual performance on select *Praxis* Subject Assessment tests. Test takers who achieve the target scaled-score on selected *Praxis* Subject Assessment tests will receive a certificate from ETS, and the award will be noted on all *Praxis* score reports. Visit www.ets.org/praxis for a list of tests, target scaled-scores, and additional information.

ON TEST DAY

- Report to the test center at least 30 minutes before your appointment. If you arrive after your scheduled testing time, you will not be permitted to test, and will forfeit your test fees. Please view the Study Companion to learn the duration of the test(s) you are taking at www.ets.org/praxis/prepare.
- Review the ID Requirements on *pages 11–12* and take the required documents with you. Without the required ID documents that match the name on your registration, you will not be permitted to test.
- Please note: possession of or use of any phones, tablets, personal digital assistants (PDAs), and other electronic, recording, listening, scanning, or photographic devices is strictly prohibited in the test center at all times and will result in your dismissal from the test, forfeiture of your test fees, and cancellation of all scores by ETS even if dismissal is not enforced on the day of the test. This includes, but is not limited to, accessing the device for any reason, including checking the time, making calls, checking for messages or any other reason at any time during the test administration, including scheduled, optional, or unscheduled breaks. Scores will be canceled for all tests, including all portions of multi-subject tests that you have taken on the test date in violation no matter when you were identified accessing or using your cell phone/device.
- Watches are not allowed in the test room. If you bring a watch to the test center, you will be asked to remove it and store it during the administration.
- You should not bring personal items (such as handbags and study materials) to the test center. If you do, you will be required to store them in a designated area before entering the test room. You will not be able to access any personal items until testing is completed.
- You are required to remain inside the test center building. If you leave the test center without permission during the administration or during breaks, you will be dismissed and your scores will be canceled.

For other important information regarding the test day, see:

- Identification (ID) Requirements (*pages 11–12*)

Types of Assessments

The *Praxis* assessments correspond to two key milestones in your development as a teacher:

- entering a teacher training program
- obtaining a license to teach

Praxis Core Academic Skills for Educators Tests measure academic skills in Reading, Writing and Mathematics. These tests were designed to provide comprehensive assessments that measure the skills and content knowledge of candidates entering teacher preparation programs.

- The Core Reading test includes sets of questions that require the integration and analysis of multiple documents, as well as some alternate response types (e.g., select-in-passage questions).
- The Core Writing test assesses both argumentative writing and informative/explanatory writing, and will contain two writing tasks for each writing type. In addition, selected-response questions will be added to address the importance of research strategies and assess strategies for revising and improving text.
- The Core Mathematics test includes numeric entry and selected-response questions, and will also offer an on-screen calculator to help ensure that questions are testing mathematical reasoning by reducing the chance that a test taker's wrong response comes from a simple arithmetic error.

Praxis Subject Assessments measure your content knowledge of the subjects you will teach. The *Praxis* Subject Assessments include:

- **Subject Assessments.** These assessments measure your general and subject-specific teaching skills and knowledge. These tests feature selected-response and constructed-response items.
- **Principles of Learning and Teaching (PLT) tests.** These assessments measure your general pedagogical knowledge at four grade levels: Early Childhood, K–6, 5–9, and 7–12. These tests feature selected-response and constructed-response items.
- **Elementary Education: Content Knowledge for Teaching (CKT) Assessment.** These tests measure subject-specific content knowledge, with a focus on specialized content knowledge used in K–12 teaching.

Test Delivery Method

Praxis tests are delivered on computer during testing windows throughout the year. Some tests are offered continuously. Test length varies by test, so view the online Study Companion (www.ets.org/praxis/prepare/materials) for your test for details. Each test is scheduled individually, based on availability. Visit www.ets.org/praxis/register/centers_dates to learn when your test is offered.

IF YOUR PRIMARY LANGUAGE IS NOT ENGLISH (PLNE)

Praxis tests are only given in English. If you are a test taker whose primary language is not English (PLNE), you may be eligible for extended testing time. Test takers who meet ETS requirements will be allowed 50 percent additional testing time.

Once PLNE accommodations are approved, test changes and/or additions, or test center changes, are not permitted. PLNE accommodations are not offered for language tests.

How to Register for PLNE

Your request for PLNE accommodations must include the following:

1. A completed Certification of Documentation form (page 20). The Program has the right to request further verification, if needed, of the professional's credentials and expertise relevant to the certification of documentation form. An embossed school seal must be affixed over the signature on the certification of documentation form or the signature must be notarized.
2. A completed Eligibility Form for Test Takers Whose Primary Language Is Not English (page 21). **It is necessary to complete this form each time you register for these accommodations.**

If you are paying with a paper check or money order, all documents must be sent together to: **ETS-Praxis, Box 382065, Pittsburgh, PA 15251-8065**. Once your accommodation request is approved, ETS will contact you with a voucher number and instructions on how to register. Test appointments are scheduled based on availability, and not all tests are offered year-round. Please plan ahead and check test date availability before requesting accommodations, and **allow approximately 4 weeks before your intended test date** for the processing of your request. Requests that are received late, are on outdated forms, or are incomplete will be returned to you unprocessed. All documentation must be approved before you can register. ETS will make every effort to evaluate all requests in a timely manner. If further verification of the professional's credentials and expertise relevant to the documentation submitted is needed, it is possible that testing will be delayed until the next applicable test date.

ETS recognizes the right of individuals to confidentiality with regard to documentation supplied by and about them that may be stored in files held by ETS and the concomitant responsibility of ETS to safeguard information in its files from unauthorized disclosure.

Reregistration

If you have previously registered and your request for accommodations has been approved by ETS, you may request the same testing accommodations for subsequent test dates. **To reregister, submit a completed Eligibility Form (page 21) indicating your candidate ID number and the test date for which documentation was approved and on file at ETS, Test Authorization Voucher Request form on page 18, and appropriate fees.** If reregistering by telephone, you do not need to submit the Eligibility Form (see this page for additional information).

TELEPHONE REGISTRATION

Fee: \$35 (in addition to applicable surcharge and test fees)

To register by telephone, you must have already created a *Praxis* account online, at www.ets.org/praxis. Now includes selected overseas centers as well. Test takers calling to register for a test must call at least 4 days before their intended test date—test appointments are scheduled based on availability. Please see www.ets.org/praxis/register/centers_dates for testing windows.

File Corrections

After the test administration, score reports requiring corrections for date of birth, Social Security number, spelling of name, or other information will require file corrections. As a part of this service, you may have your scores sent to one institution or agency for no charge.

- You may not change your name on the file.
- If an adjustment to your Social Security number is required, please include a clear copy of your Social Security card. You may not change your Social Security number on file, only make corrections.

Send your written request including the information as it now exists on the file and the change(s) requested with your signature to the address listed on page 7.

Change or Cancel Your Test Registration

Make Changes to Your Testing Appointment

There are two ways you can change your test center, test date or test time for a current test registration:

- log in to your *Praxis* account and process the change online
- contact ETS at 1-800-772-9476

REGISTRATION INFORMATION *(continued)*

Note: You must make changes **up to 3 days before your appointment** (not including the day of your test) or your fees will be forfeited. For example, the deadline to make changes to a Friday appointment is Tuesday at 11:59 p.m. ET. ETS cannot guarantee that the testing time or test center you are now requesting will be available. There is a \$40 fee for this service.

Cancel a Test

There are two ways you can cancel a test for which you are currently registered:

- log in to your *Praxis* account and process the change online
- contact ETS at **1-800-772-9476**

Note: You must cancel your test **up to 3 days before the test date** or your fees will be forfeited. If you cancel your original test by the appropriate deadline, you may be eligible for a refund of 50 percent of your test fees. Please see “Test Fee Refunds” below.

Test Fee Refunds

If you are absent from or arrive too late to take the test at the test administration for which you are registered, you will not be entitled to any refund.

Refunds will be in U.S. dollars. If the original payment was drawn on a U.S. domestic bank, please allow 8 weeks after your canceled test date for your refund to be processed. If you paid by eCheck, please allow 9 to 10 weeks for processing. If the original payment was made in non-U.S. funds drawn on a bank outside the U.S., please allow 12 weeks for processing. Payments made by credit/debit card will be credited back to that account. Service fees are nonrefundable.

If you cancel your registration, you will be eligible for a refund of 50% of your test fees. (Service fees are nonrefundable.) To cancel your registration online, log into your *Praxis* account up to 3 days before your original appointment (not including the day of your test). Your refund will be processed automatically. To cancel a test registration by mail, send a written request via email to praxis@ets.org or use the Refund Request Form, which is downloadable from the *Praxis* website at www.ets.org/praxis. Please be sure to:

- Provide the name of the test(s) canceled, your name, address, phone number, date of birth, your Candidate ID, and the canceled test date.
- Mail the form to *Praxis*, Registration Refund, P.O. Box 6051, Princeton, NJ 08541-6051, USA.

The request **must** be received **up to 3 days before** your test date (not including the day of your test).

Surcharges, if applicable, will be refunded.

Test Retake Policy

Tests may be taken once every 21 days, not including your initial test date. (**Note:** if you take a combined test, such as the combined Core Academic Skills for Educators test, you cannot take an individual Core test until after the 21-day period.) This applies even if you canceled your scores on a test taken previously. If you violate this restriction, the scores from your retest will not be reported and your test fees will not be refunded.

Note: The test retake policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation.

If you do not opt out immediately, but later decide that you would prefer not to receive email communications from us, please contact that particular testing program through www.ets.org. Remember, however, that we may still send email or call you in order to provide a product or service that you request.

Australia requires ETS to provide notification to AU residents. For Australian residents only, please be informed that if you consent to the overseas disclosure of the information or transfer of your data outside of Australia, ETS and its affiliates will not be required to take reasonable steps to ensure that ETS or its affiliates’ use of such data outside of Australia does not breach the Australian Privacy Principles. By indicating “Accept,” you consent to the terms and conditions previously noted and fully outlined in the ETS Privacy Policy posted at www.ets.org/legal/privacy for paper-delivered assessments.

Data Retention

Educational Testing Service shall at all times protect your personal information with operational, administrative, technical and physical security safeguards. Unless your photograph or other biometric samples taken on the day of the test during the check-in or registration process are being used in connection with a test security investigation, ETS shall retain them for a maximum of three years unless local regulations limit retention.

We will keep your information as required to meet the following requirements:

- Protect against fraud, theft, and misrepresentation by unauthorized test takers
- Purpose of identity verification
- Maintain integrity of the testing process

Identification (ID) Requirements

All test takers are responsible for bringing valid and acceptable identification each time they report to a test center. It is your responsibility to ensure that your ID documents are up to date and available on the day of the test.

Your ID requirements depend on your country of citizenship and where you plan to test. Please read the specific section for acceptable primary and supplemental ID documents and allowed exceptions.

- You are responsible for ensuring that the name you used to register **exactly** matches the name on the ID document(s) you will present at the test center.
- If your name has changed since you registered for a test, you must ensure that you have appropriate ID matching the name on your registration to show at the test center. It is recommended that you have ID in the correct name BEFORE you complete the registration process. Additionally, you must create a new online *Praxis* account providing your name exactly as it appears on the primary identification you will present on test day. During the creation of your new account, we advise that you leave the Social Security number (SSN) field blank to avoid technical issues. After the new account is created, you will have the opportunity to enter your SSN by clicking the “Update Personal or Contact Information” link.
- ID verification at registration, and/or check-in at the test center may include:
 - Biometric voice and photo identification
 - Fingerprinting/thumbprinting
 - Videotaping
 - Signature comparisonIf you refuse to participate, you may not be permitted to test and you will forfeit your test fees. This is in addition to the requirement that you must present acceptable and valid identification.
- If the test administrator questions the ID you present, you may be required to provide supplemental ID. If positive confirmation cannot be made, you may not be permitted to test or your test score may be withheld.
- All test takers are encouraged to bring at least two forms of acceptable ID each time they report to a test center. Prior admission to a test center based on a given ID document does not assure that that document will be considered acceptable. Test centers are not required to hold your seat if you leave the center to obtain acceptable identification.
- Admission to the test center does not assure that the ID you provided is valid or that your scores will be reported. All reported cases of questionable ID are subject to review and approval by the ETS Office of Testing Integrity either during or after the test administration. ETS reserves the right to withhold and/or cancel scores in the event that the ID requirements set forth herein are not met.
- You may be required to show your ID and/or to sign a test center log at various points throughout the test administration.
- Your test fees will not be refunded if you are not permitted to test or if your scores are withheld or canceled because of invalid or unacceptable ID.

Test Center Procedures and Regulations

GENERAL GUIDELINES ON TEST DAY

- Be sure to bring your admission ticket and ID documents with you to the test center. Your admission ticket is important because it contains the test center address and reporting time on test day. While you are not *required* to present it at the test center, test center personnel may ask you for it.
- Test-related information written on clothing, ID documents, or on any part of the body is prohibited.
- Test centers do not have large waiting areas. Friends or relatives who accompany you to the test center will not be permitted to wait in the test center or be in contact with you while you are taking the test (or during breaks). Except for ETS-authorized observers, visitors are not permitted in the testing room while testing is in progress or during breaks.
- ID verification at registration, and/or check-in at the test center may include:
 - Biometric voice and photo identification
 - Fingerprinting/thumbprinting
 - Videotaping
 - Signature comparison

If you refuse to participate, you may not be permitted to test and you will forfeit your test fees. This is in addition to the requirement that you must present acceptable and valid identification.

- ETS reserves the right to ensure the security of test content by using electronic detection scanning devices (e.g., hand-held metal detectors/wands). Failure to comply may result in dismissal from the test and forfeiture of your test fees.
- You may be required to remove your eyeglasses for close visual inspection. The inspection will take a few seconds and will be done at check-in and upon return from breaks.
- Personal items other than ID documents are not allowed in the testing room. This includes any phones, tablets, PDAs, all watches, including digital, analog and smart watches, and any

other electronic, recording, listening, scanning or photographic devices. If you are seen using or accessing any of these electronic devices and/or transmitting data, including but not limited to text messaging, email and photographs, your device may be inspected and/or confiscated. You may not access your phone during the test or during breaks to check messages or to check the time.

- Jewelry is prohibited, except for wedding and engagement rings. Do not wear other jewelry to the test center.
- You are required to remain in the test center building. It is your responsibility to ask the test administrator for permission to leave the test center vicinity—for example, to go to the nearest restroom. If you leave the test center without permission, you may be dismissed or your scores canceled.
- Clothing and other personal items that include, but are not limited to, hair accessories, neckties, bowties, hats, scarves, jackets and outerwear are subject to inspection by the test center administrator. Refrain from wearing such items as tie clips, cuff links, ornate clips, combs, barrettes, headbands and other hair accessories on test day, as you may be prohibited from wearing them in the testing room.
- Before the test, you will receive instructions from test center staff regarding where to store personal items. You may also be asked to empty your pockets. You will not have access to your personal items during the test administration except for food, beverages and medication, which may be accessed during a break.
- If you fail to follow the instructions of the test center staff, you will not be permitted to test and your test fee will not be refunded. Any violation of these procedures during the test or during breaks may result in dismissal from the test center and/or cancellation of your test scores.
- Test centers assume no responsibility for personal items including watches, jewelry or devices that you choose to bring to the test center.
- The test administrator will assign you a seat.
- On occasion, weather conditions or other circumstances beyond the test administrator's or ETS's control may require a delayed start or the rescheduling of your test.

Calculators

- Graphing, scientific, and four-function calculators are allowed or required for some *Praxis* tests; for detailed information, see “Calculator Use” at www.ets.org/praxis. For *Praxis* assessments that provide an on-screen calculator, test takers are NOT permitted to bring and use their own calculators. They must use the on-screen calculator provided in the test. Unless it is specifically stated that a calculator is permitted or required for a particular test, calculators may not be used.

ETS reserves the right to take appropriate action and/or notify appropriate authorities including, but not limited to, law enforcement authorities, if a test taker responds in a threatening or disturbing way to essay or speaking questions or communicates with ETS either verbally or in writing in a threatening or disturbing manner.

Procedures and Regulations

The following procedures and regulations apply during the entire test session, which begins at sign-in, ends at sign-out, and includes breaks.

- Bring your admission ticket and ID with you to the testing center. Your admission ticket is important because it contains the test center address and reporting time on test day. While you are not *required* to present it at the test center, test center personnel may ask you for it.

ON TEST DAY (continued)

- Arrive at the testing center at least 30 minutes before your scheduled appointment time.
- You will be required to write and sign a confidentiality statement at the test center. If you do not complete and sign the statement, you may not be allowed to test and your fees will NOT be refunded.
- You will be required to sign the test center log before and after the test session and any time you leave or enter the testing room. Other than ID, personal items (such as handbags and study materials) are not allowed in the testing room. Before the test, you will be assigned a locker or receive instructions from test center personnel regarding where you must store personal items. You may also be asked to empty your pockets. Storage space is limited, so plan accordingly.
- At a computer-delivered test center, the administrator will provide you with scratch paper that may be replaced after you have used all pages of the scratch paper initially given to you. You may not take your own scratch paper to the test, nor may you remove any portion of the scratch paper from the testing room at any time. The scratch paper is provided to assist test takers in working out problems and for appropriate note-taking during the timed sections of the test. You may not write on anything other than the scratch paper provided (e.g., computer or workstation or ID document). Scratch paper should NOT be used during the untimed sections or during breaks. If you are observed using any documents or unauthorized papers other than the designated scratch paper distributed by the test site, they will be confiscated by the test center staff. Scratch paper must be returned in its entirety to the administrator at the end of testing.
- For paper-delivered tests administered as an accommodation for a disability, test takers may use the test book for scratch work. Scratch paper is not provided except as an approved accommodation.
- Dress comfortably and come prepared for varying room temperatures. If you need to remove an item of clothing during the test (e.g., sweater), you will be instructed to place it in the storage area provided by the test center at check-in. If no storage area is available, the item of clothing may be hung on the back of your chair. If you leave the testing room to go to the storage area, this will be treated as an unscheduled break; i.e., you will be asked to sign out/in of the testing room, show ID, etc. **Note:** The exam clock will **not** stop during this time.
- Most Praxis tests do not offer a scheduled break; however, you may take one short, unscheduled break. If you choose to take an unscheduled break, your test clock will NOT stop. Because timing will not stop for this break, it is recommended that you return from the break as quickly as possible.
- If you are taking a combined test, such as the Core Academic Skills for Educators or Elementary Education: Multiple Subjects test, and you take a short, unscheduled break after the conclusion of one test, but before completing review of the General Directions for the next test, your test clock will not start until you return and complete the General Directions. Although you will not lose test time by taking an unscheduled break between tests, it is recommended that you return from the break as quickly as possible to avoid running over the scheduled appointment time. Test administrators are required to report test takers who take excessive or extended breaks.
- If you need to leave your seat at any time other than a scheduled break, raise your hand; timing of the section will not stop.
- If at any time during the test you have a problem with your computer, or for any reason need the administrator, raise your hand.
- Testing premises are subject to videotaping.
- The maximum time allotted for the General Directions and other untimed sections is 30 minutes. The purpose of the General Directions is to become familiar with the computer functions and other important information that will make your test experience as convenient as possible. The time you spend on the General Directions and other untimed sections should not be for any

other purpose. You may not use scratch paper during this time. Infractions will be reported to ETS, and the test administrator is authorized to dismiss you from the test administration if you fail to follow the test administrator's directions.

- The testing session is actively monitored by test center staff. This includes staff walking around, and entering and leaving the testing room.

Art: Content and Analysis Test (5135)

- **IMPORTANT:** This Art test requires you to upload 4 digital images of your artwork in at least two different media to your *My Praxis* account at www.ets.org/mypraxis. **Print a copy of each image from your *My Praxis* account. It is extremely important for test takers to bring the printout of all four digital reproductions of their work to the testing site. Test takers will be asked to enter the image ID as the first line of their responses when taking the test.** These printouts will not be returned to you, but will be collected at the test center. You must upload these images no later than 3 days before your test date, not including the day of your test. **If you do not bring printouts of these images with you to the test center, you may not be permitted to test.** For more information about the requirements for these images, please see the Study Companion for Art: Content and Analysis (5135).

DISMISSAL FROM A TEST CENTER

A test administrator is authorized to dismiss you from a test session and/or your scores may be canceled by ETS for actions such as, but not limited to, the following:

- attempting to take the test for someone else or having someone else take the test for you
- failing to provide acceptable identification
- obtaining improper access to the test, a part of the test, or information about the test. This includes having preknowledge of test questions or answers in advance of the test administration, in any form, and/or bringing such information to the test center in any form, including on identification documents, stored in cell phones, or any other method.
- possessing or using any phones, smart watches, or other electronic, recording, listening, scanning, or photographic device. Such devices are prohibited at the test center. If you bring these devices to the test center, you will be dismissed from the test, forfeit your test fees, and will have your scores canceled by ETS even if dismissal is not enforced on the day of the test.
- using any aids in connection with the test, such as: mechanical pencils, mechanical pens, scan pens or devices, pagers, beepers, calculators (unless specifically permitted or required for a particular test), watch calculators, smart watches, books, pamphlets, notes, unauthorized scratch paper, rulers, highlighter pens, stereos or radios with headphones, telephones, digital watches, watch alarms (including those with flashing lights or alarm sounds), stop watches, dictionaries, translators, compasses,

ETS takes test security very seriously. Although tests are administered under strict supervision and security measures, testing irregularities may sometimes occur. Please contact ETS as soon as possible to report any observed irregular behavior—for example, someone copying from another test taker, taking a test for someone else, having access to test questions before the exam, or using notes or unauthorized aids. All information will be held in strictest confidence. Reports of cheating or fraud will be investigated thoroughly and offenders may be prosecuted to the full extent of the law.

ON TEST DAY (continued)

- protractors, rulers, and any handheld electronic, recording/listening, scanning, or photographic devices
- creating a disturbance (Disruptive behavior in any form will not be tolerated. The test administrator and ETS have sole discretion in determining what constitutes disruptive behavior.)
 - attempting to give or receive assistance. Discussion or sharing of test content or answers during the test administration, during breaks, or after the test is prohibited. Communication in any form is not permitted during the test administration.
 - removing or attempting to remove test content from the test center. Under no circumstances may test content or any part of the test content be removed, reproduced, and/or disclosed by any means (e.g., hard copy, verbally, electronically) to any person or entity.
 - tampering with a computer
 - attempting to remove scratch paper from the testing room or using scratch paper during untimed sections or during breaks. If you are observed using any document other than the designated scratch paper, the document will be confiscated by the test center staff.
 - bringing a weapon or firearm into the test center
 - bringing food, beverages, or tobacco into the testing room
 - leaving the test center building during the test session or during breaks
 - leaving the test center vicinity during the test or during breaks without permission
 - leaving the testing room without permission. You are not permitted to go outside the test center building unless it is to use

- the restroom during the test administration, including breaks.
- leaving the testing room before the test session is dismissed
- taking excessive or extended unscheduled breaks during the test session. Test administrators are required to strictly monitor unscheduled breaks and report test takers who take excessive or extended breaks.
- referring to, looking through, or working on any test, or test section, **when not authorized to do so**, or working after time has been called
- failing to follow any of the test administration regulations contained in this *Bulletin*, given by the test administrator, or specified in any test materials

ETS reserves the right to take all action—including, but not limited to, barring you from future testing and/or canceling your scores—for failure to comply with test administration regulations or the test administrator's directions. If your scores are canceled, they will not be reported, and your test fees will not be refunded.

REGISTERING A COMPLAINT

If you think conditions at the test center were such that you were unable to perform satisfactorily, you may cancel your score(s). You may also request a retest. If you wish to cancel your score, you must do so at the end of the test. Complaints must be received in writing no later than 7 business days after the administration. Complaints received after this period will not be accepted. ETS will investigate before responding to your request. Please see *page 7* for additional information. Also, please note that retests cannot be offered once scores for a specific test date have been reported.

SCORES & SCORE REPORTS www.ets.org/praxis/scores

Reporting Your Test Scores

If you test in Alabama, Alaska, Arkansas, California, Colorado, Connecticut, Delaware, District of Columbia, Georgia, Hawaii, Idaho, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Utah, Vermont, Virginia, Washington, West Virginia, or Wyoming, **a copy of your scores will automatically be sent to that state's teacher credentialing agency.**

If you completed or are planning to complete an approved teacher education program in Guam, Maine, New Mexico, Texas, U.S. Virgin Islands, or Wisconsin, **you must designate your educational institution as a score recipient.** If you are applying for licensure in one of these states, but completed your teacher preparation in another state, you must submit an ETS score report to the Guam Commission for Education Certification, Maine Department of Education, New Mexico State Department of Education, State Board for Education Certification, Virgin Islands Department of Education, or the Wisconsin Department of Public Instruction along with your licensure application.

Note to Speech-Language Pathology and Audiology test takers: Please refer to the Speech-Language Pathology and Audiology Attending Institution/Recipient Code List to designate an attending institution and a score recipient (see *Praxis* website).

Your Score Report

Your scores will be available to you via your online account approximately 2–3 weeks after the test date. Scores for tests that are offered during testing windows will be available 2–3 weeks after the testing window closes, regardless of the date on which you tested within that window. Scores for tests that are offered continuously

will be available 2–3 weeks after the test date. When your scores are available, you will receive an email notifying you that your score report is ready to view online. Score reports are available in your online account for ten years from the score reporting date. We encourage you to save a copy of the score report for your own files.

Up to four free score recipients may be selected at the time of registration. If you did not select the score recipients at the time of registration, you may add or change these score recipients up to 3 days before your test date. In order for your attending institution (college or university where you received training that most closely relates to the test(s) you are taking) to receive a copy of your score report, you **MUST** list the institution as a score recipient. If you wish to send your scores to more than four institutions or agencies, you may purchase additional score reports via your online account. See the “Additional Score Reports (ASRs)” section that follows. Your scores for a specific test will be sent to a designated recipient only if that institution or agency is eligible to receive those test scores. For exceptions, please see “Confidentiality of Information” on *page 17*. Score reports will list your current score and highest score earned on each test taken over the last 10 years.

Praxis tests that include only selected-response questions will offer you an opportunity to view unofficial scores at the end of your testing session. If an unofficial score is not provided for your selected-response test, it means that further analysis must be conducted before scoring can be completed. This does NOT indicate any problem with the administration of your test and will NOT result in any delay of the reporting of your official score. Tests that include constructed-response questions will not provide an unofficial score because of the time needed for your responses to be rated. Test centers cannot provide printed copies of score reports.

Once you have viewed your scores—whether you view the unofficial scores at the testing center, or you view your official score report—you will not have the option to cancel them. Once your scores have been cancelled, they will not be reported, and they cannot be reinstated on your record. You will not receive a refund if you choose to cancel your scores.

Questions That Do Not Count Toward Your Score

The test(s) you take may include one or more questions that do not count toward your score. These “pretest questions” are new questions that are being tried out in actual test administrations.

Test takers are not told which questions are in this category because ETS needs to determine how such questions function under actual testing conditions.

Scoring Services

ADDITIONAL SCORE REPORTS (ASRs)

Fee: \$50 each

At your request, ETS will send your scores and reportable background information to additional institutions or agencies. When you register to test, you may select up to four score recipients for no charge. You may add or change these score recipients up to 3 days before your test appointment. If you wish to send your scores to additional recipients, you may order an additional score report (ASR). You may complete your request online, by mail, phone, or fax. To make an ASR request online, log in or set up an account on the *Praxis* online registration site. On the “My *Praxis* Home” page, click on “Order Additional Score Reports” under the “My Test Registrations and Orders” section. Follow the online instructions to complete your order. To request an ASR by mail or fax, download and complete the Additional Score Report form located on the website at www.ets.org/praxis. Telegram requests will not be processed. ETS will process your score report (indicating only the highest score earned on each test) within 7 business days for online and phone requests and 10 business days for mailed or faxed requests.

When you ask ETS to send additional score reports to institutions or agencies, you automatically authorize ETS to report your highest scores for all tests taken over the past 10 years. These could include test results from *Praxis* Core Academic Skills for Educators tests and *Praxis* Subject Assessments. (Scores for a specific test will be sent to a recipient only if that recipient is eligible to receive those scores.)

If scores have not been reported from a current administration and you want the institutions or agencies listed on your Additional Score Report Request form combined with those listed on your registration form, check the appropriate box on the form. Current and highest scores will then be reported to all recipients requested. The ASR will include your highest score for each test taken, but will not include the raw score information that is available on the original score report. You will automatically receive a copy of your score report posted to your online *My Praxis* account confirming that your score report was sent.

SCORE REVIEW SERVICE

Fee: \$65

All constructed-response and essay scorers have been carefully trained and follow strict scoring procedures. Each test that contains one or more constructed-responses or essays is scored by more than one scorer. However, if you feel that your score for a constructed-response or essay test does not accurately reflect your performance, you may request a score review of your test.

To request a score review of a test containing a constructed-response or essay, download and complete the Score Review Request form from the *Praxis* website at www.ets.org/praxis/scores and send it to ETS with the proper fee. **Your request must be received within 3 months of the test date.** If there is a change in your reported score, the revised score (which may be higher or lower than your originally reported score) will be reported to you and to the recipients of the original score, and your review fee will be refunded. The test material and your answers to test questions are not available for disclosure. Your score for a specific test will be reviewed only once. (**Note:** The Score Review service is not available for selected-response tests because they are scored electronically.) The Score Review service is also unavailable for the American Sign Language test because the original scoring process is exceptionally rigorous with 3-6 scorers reviewing and contributing to the scoring of each interview.

Cancellation of Scores by You

Before viewing your scores, the computer gives you the option of canceling your scores when you finish each test. **NOTE: If you are taking the Core Combined test (5751), the Elementary Education: Multiple Subjects (5001), Elementary Education: Content Knowledge for Teaching (7801), Elementary Education: Applied Content Knowledge for Teaching (7901), or the PA Grades 4–8 Core Assessment (5152), and choose to cancel your scores, scores from ALL sections of that test will be canceled.** Once you have viewed your scores, they cannot be canceled. If you choose to cancel your scores, you cannot view them on the computer screen and they cannot be reinstated. You will not receive a refund if you cancel your scores.

Cancellation of Scores by ETS

ETS strives to report scores that accurately reflect the performance of every test taker. Accordingly, ETS’s standards and procedures for administering tests have two primary goals: giving test takers equivalent opportunities to demonstrate their abilities, and preventing any test takers from gaining an unfair advantage over others. To promote these objectives, ETS reserves the right to cancel any test score when, in ETS’s judgment, any of the following conditions arise: a **testing irregularity occurs**; there is an apparent **discrepancy in a test taker’s identification**; the test taker engages in **misconduct** or **plagiarism**; or the score is **invalid** for another reason. Reviews of scores by ETS are confidential. When, for any of the above reasons, ETS cancels a test score that has already been reported, it notifies score recipients that the score has been canceled, but it does not disclose the reason for cancellation except when authorized to do so by the test taker and in certain group cases.

Test takers whose scores are canceled will forfeit their test fees, and must pay to take the tests again at a future administration. No record of score cancellations, or the reason for cancellation, will appear on their future score reports sent to colleges and universities.

Testing Irregularities

“Testing Irregularities” refers to problems with the administration of a test. Testing irregularities may result from actions of test taker’s, test center personnel, ETS, or from man-made causes. When testing irregularities occur, they may affect an individual or groups of test takers. Such problems include, without limitation, administrative errors (such as improper timing, improper seating, defective materials (e.g., improper or damaged test forms), and defective equipment); improper access to test content; and other disruptions of test administrations (such as natural disasters or other emergencies). When testing irregularities occur, ETS may decline to score the test, or cancel the test score. When in ETS’s judgment it is appropriate to do so, ETS gives affected test takers the opportunity to take the test again as soon as possible without charge.

Identification Discrepancies

When, in ETS’s judgment or the judgment of test center administrators, there is a discrepancy in a test taker’s identification, the test taker may be dismissed from the test center. In addition, ETS may decline to score the test or cancel the test score if the documents or photos from the test day cannot be validated or if ETS has evidence that you did not appear for the test. If test scores are canceled by ETS, the test fees will NOT be refunded.

Misconduct

When ETS or test center personnel find that there is misconduct in connection with a test, the test taker may be dismissed from the test center, or ETS may decline to score the test, or cancel the test score. Test takers whose scores are canceled will forfeit their test fees. If fraudulent activity is detected after scores have been reported, ETS will cancel scores, notify score recipients of the cancellation, and ban the test taker from future testing. Misconduct includes, but is not limited to, noncompliance with the **Test Center Procedures and Regulations**, on pages 13–14 of this *Bulletin*.

Invalid Scores

ETS may also cancel scores if, in its judgment, there is substantial evidence that they are invalid for any other reason. Substantial evidence means evidence that is sufficient to persuade a reasonable person, the substantial evidence is lower (i.e., requires less proof) than reasonable doubt, clear and convincing, and preponderance of the evidence standards. Evidence of invalid scores may include, without limitation, discrepant handwriting, unusual answer patterns, and inconsistent performance on different parts of the test. Before canceling scores pursuant to this paragraph, ETS notifies the test taker in writing about its concerns, gives the test taker an opportunity to submit information that addresses ETS's concerns, considers any such information submitted, and offers the test taker a choice of options. The options may include voluntary score cancellation, a future test without charge, or arbitration in accordance with ETS's standard Arbitration Agreement. In addition, the test taker is sent a copy of a booklet, *Why and How Educational Testing Service Questions Test Scores*, which explains this process in greater detail. (This booklet is available to any test taker at any time on request from the ETS Office of Testing Integrity. Call 1-800-353-8570 or Email TSReturns@ets.org.)

When essay scores are canceled because an essay is unusually similar to other test takers' essays, or because the essay contains unattributed material, only the retest score is reported for the essay; the score for the questioned essay is not released.

Your essay responses on the writing or constructed-response items will be reviewed by experienced ETS essay readers during the scoring process. ETS reserves the right to cancel test scores of any test taker when an essay response includes, any of the following:

- text that is unusually similar to that found in one or more other *Praxis* essay responses;
- quoting or paraphrasing, without attribution, language or ideas that appear in published or unpublished sources;
- unacknowledged use of work that has been produced through collaboration with others without citation of the contribution of others;
- essays submitted as work of the test taker that appear to have, been borrowed in whole or in part from elsewhere or prepared by another person.

When one or more of the above circumstances occur, ETS may conclude that the essay response, in ETS's professional judgment, does not reflect the independent writing skills that this test seeks to measure. When ETS reaches that conclusion, it cancels the essay score and cannot report scores for this test, of which the essay score is an indispensable part.

Confidentiality of Information

ETS recognizes your right to control the information about you that is stored by ETS. Its policies are designed to safeguard your information from unauthorized disclosure.

Your score report is intended only for you and for your designated score recipients. However, background information as noted on the registration form is reported to some states and institutions. To protect your right to control the distribution of your scores, reports will be released only at your specific written request and only to ETS-approved score recipients. Every recipient must be specified by you in writing on one of the designated forms or in correspondence. ETS will not release your scores at the request of institutions or agencies except:

- for use in research studies approved by the *Praxis* program and that preserve your anonymity
- when information is required under compulsion of legal processes, in which case your score record and other documents you completed that are retained at ETS may be released to third parties (e.g., government agencies, parties to a lawsuit, etc.) if requested pursuant to a subpoena. Such documents may include but are not limited to photographs and documents completed at check-in on test day.

- when a state's central regents office or board of governors requests copies of scores that have been reported to its member institutions
- when test takers have been informed by the administrator beforehand that their scores will automatically be released to the state
- when test takers have been notified in the *Bulletin* that a particular state requiring scores has arranged for all individuals tested in that state to have their scores sent directly from ETS
- Sections 205 through 208 of Title II of the *Higher Education Act (HEA)* as amended in 2008 (PL 110-315) call for accountability for programs that prepare teachers. Section 205 of Title II requires reports from each institution of higher education (IHE) that conducts a traditional teacher preparation program or an alternative route to state certification or licensure program and that enrolls students receiving federal assistance under *HEA* (e.g., Title IV). **The report will contain aggregate data only and will not include any information that identifies test takers.**
- when a branch institution requests scores previously sent to its main office or vice versa

Official score reports for properly designated recipients are sent directly from ETS to ensure the authenticity of the reports. Note that whenever ETS has confirmed that you have submitted a *Praxis* test score directly to an educational institution, agency, or district in satisfaction of one of its requirements, ETS will respond to requests for score verification from that recipient.

How Constructed-Response Tests Are Scored

Score validity is of utmost importance. Constructed-response questions on *Praxis* tests are scored by education professionals in the appropriate content area. These individuals are carefully trained and supervised to assure they apply ETS scoring methods in a fair and accurate manner. Additional statistical checks are made to account for differences in difficulty across editions of a test. There are different scoring methods used for different tests, but all tests require that multiple raters score an individual test taker's responses. Some tests are scored by a combination of different trained raters and some by a combination of trained raters and a computerized program developed by ETS that computes a score based on data from hundreds of previously scored essays.

Uses of Scores

ETS does not set passing scores for the tests. The *Praxis* user states, institutions, and associations set their own passing scores. Following the direction provided in the *Proper Use of The Praxis Series and Related Assessments*, ETS offers its score recipients professional counsel regarding the purpose and appropriate application of the test scores. ETS's agreement with state agencies and associations that use the *Praxis* tests for decisions about the certification of educators requires that test scores be used only in conjunction with other criteria.

All states and associations that use the *Praxis* tests are surveyed to obtain information about the qualifying scores that are required on these tests.

However, the ETS file is not official and may not reflect changes in test requirements that are implemented between surveys. If you have any questions about state or association requirements or passing scores, contact that state or association directly.

Test Takers' Performance Data

Test takers' performance data may be used in analysis samples, score interpretation data, group statistics, and research studies. Test takers' constructed responses may be used in ETS materials to train scorers, to help score recipients interpret scores, or to help test takers prepare for the test. In each instance, all identifying information will be removed.
