Life is better with friends.

Friendship is a type of relationship between two people who care about each other.

Our FRIENDSHIP isn't a big thing, it's a million little things.

Friendship are connected little hearts.

Good Friends Never Say Goodbye. They simply say "See you Soon!"

A true friend is the greatest of all friends.

Good friends
I am always there for you.

Best FRIENDS are like stars, you don't always see them, but you know they're always there.

I'm not alone.

I love my FRIEND.

In your heart, we are from the same family.

We are BEST FRIENDS.
